REVIVAL MEETING IN FULL SWING

SCOVILLE OPENS WITH TWO BIG SERVICES SUNDAY.

MAYOR A. S. ROBEY WELCOMES EVANGELIST

Campaign Is Off With Tremendous Enthusiasm, Say Local Boosters —Mrs. Scoville Sings.

The Charles Reign Scoville evangelistic meetings are in full swing today, after two big opening services at the tent tabernacle yesterday.

The evangelist will preach to the church members tonight, although every one is invited. Today local ministers, the evangelist, his aides and hundreds of laymen were boosting the campaign in the city and surrounding country.

Mayor Welcomes Evangelist.

Mayor Robey sounded the keynote of the revival in his speech introducing Dr. Scoville to the crowd at the tent last night, when he said:

"Maryville has never seen a more opportune time for an evangelistic campaign than now."

The mayor warmly welcomed the evangelist and his party and paid a high tribute to the local pastors and good people.

"Every year Maryville grows bigger and better," declared the mayor. "Crime is decreasing since the saloons closed. The work of the churches is making Maryville a great city. This evangelistic campaign is worthy of the support of everybody."

Speaking of the evangelist he said: "For some time we have talked Scoville, tacked Scoville on the sign boards, written Scoville on the sidewalks, worn Scoville on our coat lapels, flooded the fair grounds with Scoville, put Scoville on trees and otherwise scattered Scoville over the city. Now here he is, one of the greatest men in the United States in his line.

"I am with him heart and soul, and I believe that we should all pray for him, work for him and boost this campaign."

Dr. Scoville Speaks.

Dr. Scoville, smiling broadly and tense with eagerness to begin his attack upon sin in Maryville, leaped to the platform.

"I wish every city had a mayor like the mayor of Maryville," he said. "This man has a backbone instead of a wishbone. Give him a cheer."

The crowd stormed the tent with applause for the executive.

Dr. Scoville then introduced members of his party, the Rev. R. U. Waldraven of Pueblo, Col., his assistant; Charles H. Forsythe of Lawrence, Mich., musical director; Lon D. Parker, Emporia, Kas., extension secretary; Floyd F. Miles, Des Moines, Ia. publicity manager; Stella Robinson, Aurora, Mo., his private secretary, and Mrs. Arlene Dux Scoville, his wife.

Storm Hinders Meeting.

A thunderstorm that came up suddenly caused the evangelist to pause. He decided because of the uneasiness of the audience that he would dismiss the meeting after announcing the services tonight. Despite the storm and the fact that the evangelist was forced to be out of the city yesterday the campaign is off with tremendous enthusiasm, local boosters said today.

The Sunday schools marched in delegations to the tent yesterday morning. A big choir filled the loft and sang under the direction of Mr. Forsythe. He declared the choir is one of the best he has ever seen.

Mrs. Scoville Sings.

Mrs. Scoville, with Miss Amy Clark of Maryville at the piano, sang "The Inner Circle" at the morning service and "Did You Think to Pray" in the evening. Many requested that both be sung again soon because of the impression the songs left with the audiences. Mrs. Scoville lived fully up to advance notices of her ability as a so-

LYCEUM PLANNED

COMMITTEE MEETS TO MAKE FINAL ARRANGEMENTS.

SIX SPLENDID NUMBERS

Goddard, Zoellner Quartet, Judge Alden, Dr. Cadman and Harold Bauer to Appear Here.

The members of the general committee of the Lyceum Association met at 4 o'clock this afternoon for the purpose of arranging final plans for the presentation of the six numbers that will be presented this winter.

There are fewer numbers on the course than on any previous course in Maryville. Nevertheless, the committee thought it better to concentrate on fewer numbers and have each one of the greatest merit posible.

The committee made strenuous efforts in contracting for the course and have paid more money for the talent than was ever paid before.

The members of the committee are much elated over their success in the choice of the numbers. The six numbers billed for the coming season are:

James Goddard, world renowned basso, grand opera soloist, Royal Grand Opera, London; Imperial Grand Opera, Vienna, and Chicago Grand Opera Company. Thursday, October 19.

Zoellner String Quartet. One of the three greatest string quartets in the world. The members have been decorated by the queen of Belgium and other royalty. Friday, November 24.

Judge George D. Alden of Massachusetts. One of the country's foremost jurists, and one of the most pleasing lecturers of the American platform today. Thursday, January 17.

Dr. S. Parkes Cadman, pastor of the Central Congregational church, Brooklyn, one of the largest churches in the world. Universally acknowledged as one of the world's greatest preachers. Secured by the committee for this season's lyceum course after several fruitless efforts in seasons past. February 28.

Harold Bauer, master pianist, without doubt one of the world's greatest pianists. Mr. Bauer seldom makes the smaller cities, and Maryville is fortunate in being able to secure him, and would not be able to but for an unusual expenditure of money on the part of the Lyceum Association. His appearance here will be March 13.

Adult season tickets will be $2.00, and student tickets, $1.00.

BANDITS ON RAID

Special to The Democrat-Forum.

Laredo, Sept. 11.—The operations of bandits in Mexico have been more pronounced and frequent in the last three weeks, according to pasengers arriving from Mexico. The bandits wrecked a train near Mexico City a few days ago, killing eleven people. Saturday two attempts were made to hold up trains in northern Mexico, and other raids by the bandits are reported.

OPENING OF NORMAL

FALL TERM WILL OPEN TOMORROW, BEING ELEVENTH YEAR.

FEW CHANGES IN FACULTY

Miss Ruth Hunt in Charge of English Department, C. C. Leeson of Biology—To Have Football Team.

The State Normal school will open for its eleventh year tomorrow morning, the day Tuesday being given to classification and organization. All classes will meet Wednesday for regular work. The training school children will be enrolled and the training school organized on Wednesday morning, September 13. The children expecting places in the grades of the training school or in the kindergarten should be in their places at 9 o'clock Wednesday morning. Supervisors of the training school will be in the office of the training school on the first floor of the building during the day Tuesday for consultation.

The outlook for the Normal school enrollment is the best for any fall quarter in the history of the school. There are comparatively few changes in the faculty. Mr. E. L. Harrington, who has been on leave of absence for two years, returns to his work in the science department. Mr. C. H. Belting of Emporia, Kas., takes the work in agriculture formerly conducted by Mr. Kinnaird. Mr. Belting was with the school during the summer session.

The work in English formerly conducted by Miss Beatrix Winn, who is granted a leave of absence for the year 1916-1917, will be under the direction of Miss Ruth Hunt. Miss Hunt is a graduate of the Kansas City Manual high school and of the University of Missouri, with the degrees of bachelor of arts and master of arts. She has specialized in the teaching of English and has several years' experience.

The work in biology will be conducted by Mr. C. C. Leeson, who comes to the Normal school from the State Normal school of Mankato, Minn., where he has been holding a similar position. Mr. Leeson is a graduate of Albion college, Michigan, and of the University of Michigan, holding the degree of bachelor of arts from Albion college and master of science from the University of Michigan. His teaching experience covers the rural school, high school and normal school, with positions as assistant in the college and university.

Much interest is centered in the student activities for the coming year, inasmuch as football will hereafter be a part of the regular athletic work of the school. A number of students have already arrived and are ready for the beginning of the term tomorrow. It is confidently expected that the enrollment will reach 300 this fall. President Richardson has visited different parts of the district during the summer, having returned Friday evening from a trip through Carroll and Livingston counties. He attended the dedication of the new school building at Tina, where the school is in charge of S. C. Richeson, one of the graduates of the Normal school, as he returned home. He met a number of students of the Normal school who are teaching in that vicinity and also a number of students who are in new positions for the year. This building is the eighth new school building the dedication exercises of which he has attended in the past fifteen months, five of them having been in Holt county. He finds a good spirit toward the Normal school work all over the district.

FAIR GAINS $5,000

A. O. MASON SAYS DIVIDENDS WILL BE 20 PER CENT THIS YEAR.

ATTENDANCE IS 79,000

Many Improvements to Be Made on Grounds for Next Year—Would Sell Some More Stock.

A. O. Mason, president of the Nodaway County Fair association and largely responsible for a fair here and for its success, estimated today that approximately 79,000 people attended the fair during last week, divided as follows: Monday, 10,000; Tuesday, 7,000; Wednesday, 15,000; Thursday, 24,000; Friday, 18,000; Saturday, 5,000.

As to the financial side of the fair the association came out about $5,000 more in the clear than they did last year. It is figured that the stockholders will receive a 20 per cent dividend as compared to a 10 per cent dividend of last year.

"There will be a fair next year," said Mr. Mason, "and we propose to build a new floral hall. The old building used as a floral hall will be fixed over for the purpose of showing horses. We want to add something each year to our improvements.

"I still have stock that I would sell to parties over the country, not because of getting rid of it but to have representative stock men interested in the proposition."

Mr. Mason appreciates the patronage of the people and the business men of Maryville who closed their stores, the co-operation of the ministers, and the women of the Christian church who had charge of Floral hall.

In the women's riding contest the closing night of the fair first place was won by Miss Martha Koch. Mrs. Elmer Barrock won second and Mrs. Albert Shupe, third.

Many comments were heard last week from the visitors as to how well pleased they were with the entertainment. One man said he had attended the Bedford, Clarinda and Shenandoah fairs, but Maryville had them all beaten. There were plenty of free attractions, the racing was good, and the night horse shows seemed to meet with the approval of the large crowd in attendance.

Mrs. James Storm, Miss Mame Storm and Fred Storm started for their home in Okmulgee, Okla., Saturday, after a pleasant visit spent in Maryville with friends.

FEDS WIN AGAIN

HOME TEAM DEFEATS ALBANY BRONCHOS, 4-2

ATTENDANCE FALLS OFF

Locals Score One in First Inning, and Get Others in Fourth — Tournament Here Sept. 20, 21, 22.

The Maryville Feds again won from the Albany Bronchos at Albany yesterday, 4-2. The game was a good one, although the attendance was held down by a high wind. Grant pitched for the Feds and allowed six hits, five of them ground balls past short and second. Richardson caught and Black played center.

The Feds scored one in the first. Cowell started the game with a double and scored on V. Walker's single. Albany came back and scored two runs. Ross singled past short. Caster bunted and Richardson fielded it easily but nobody covered first. Gill sacrificed both runners a base and Homer Summa singled, scoring both of them. That ended Albany's scoring for the day.

The Feds got their other three runs in the fourth. V. Walker doubled. Black singled, scoring Walker. Black went to third on Richardson's single. L. Walker struck out. Stephens first on a fielder's choice and Richardson was out, short to second. Stephens went to third when an attempt to get him failed. He scored on Garvin's error.

The tournament here will be played next week, September 20, 21 and 22.

BOAT AT CRAIG BRIDGE

Will Be at Water Works About October 1—To Float Over Dam.

The dredge boat which is digging the ditch for the 102 drainage district, has now about four more miles to dig. They are now at the Craig bridge on the Lee road, and will probably be at the water works about October 1. To get over the water works dam it is proposed to build a big dam so that the boat can float over it. After they leave the water works they still have three miles to dig. It is expected that the ditch will be completed about the first of the year.

Court Stenographer Arthur A. Brewer left today for Albany, where the Gentry circuit court will convene. Only a short session will be held, as nearly all of the cases have been continued to the December term, which will be presided over by Judge John M. Dawson.

GREAT BATTLE NEAR BLACK SEA

RUMANIANS CAREFULLY SELECT FIELD FOR STRUGGLE.

BRITISH ON OFFENSIVE AT BALKAN FRONT

Silistra Captured by Bulgarians—Russians Marching Southward to Advance on Danube.

Special to The Democrat-Forum.

London, Sept. 11.—Zurich dispatches confirm the earlier report that a great battle has developed in the section of Rumania along the Black Sea. Apparently the Rumanians have carefully selected the field on which to meet the enemy. The same dispatch brought news that the Russians had resumed the offensive at Bukowina and were attacking the Austrians along the entire front.

This is taken to indicate that the Rumanian advance in Transylvania has been an entire success, and leaves the Russian left flank secure and in position to move swiftly against the passes defending Hungary. Budapest dispatches say that the Bulgarians have captured practicaly all places that they were forced to surrender to Rumania at the close of the Balkan war.

Aeroplanes Successful.

Berlin, Sept. 11.—Successful operations of aeroplane forces which attacked the German navy along the Baltic are reported.

No Gains in West.

London, Sept. 11.—Fight without claims to great gains on either side is reported on the western front. Paris says that two counter attacks of the Germans in the Somme section were repulsed.

British Take Offensive.

London, Sept. 11.—French war officers announce that the British have taken the offensive on the Balkan front, crossing the Sturma and attacking villages held by the Bulgarians. Rome claims progress against the Austrians on the northern front.

Bulgarians Capture Silistra.

Bucharest, Sept. 11.—The admission hat Silistra has been captured by the Bulgarians was made today. It is announced that the Russians are marching southward in order to surround the enemy advancing on the Danube.

Orlo Quin left Saturday for Lakota, N. D., where he will teach manual training and act as athletic director in the high school. This is Mr. Quinn's second year at Lakota.

"What would you have done, Mr. Hughes? Would you have averted the railroad strike as Mr. Wilson and congress did? Do you favor the eight-hour law?" These questions were fired at Mr. Hughes while he was in St. Louis, but like the many other "What would you have done, Mr. Hughes?" questions, they remain unanswered.

The name of Ed Koeln headed the list of those seated at the speaker's table at a dinner given to Mr. Hughes in St. Louis recently. Koeln is the man who, with Brewer Otto Stifel and Jep Howe "delivered" the gubernatorial nomination to Judge Lamm. Koeln, drawing $10,000 a year as city collector, has eighteen relatives on St. Louis' pay roll, and he is leading the fight in the courts to defeat the efficiency law in the new city charter and perpetuate the spoils system.

Mr. Fairbanks—not the man who makes the scales—attempts to belittle President Wilson's great service in keeping our country out of war by saying there has been "nobody to fight." He doesn't seem to agree with the head of the ticket whose spokesman, Col. Roosevelt, says there were plenty to fight, and he is peeved because we didn't pick them out, big or little.

Among those who complimented President Wilson and the Democratic congress for passing the eight-hour law and averting a calamity was Henry Ford, one of the largest single employers of labor in America. Perhaps, who among the Republican candidates for the nomination for president, would have rambled along better than Mr. Hughes.

In Police Court.

One case of drunkenness was in police court late Saturday evening, being J. W. Brant, who was arrested at the Burlington depot. He was fined, his fine and costs amounting to $11.10. Dosie Dodgeson, charged with prostitution, received a fine of $25 when she pleaded guilty to that charge. J. J. Wilson, who was charged with visiting a room of prostitution, received a fine of $10.

REVIVAL MEETING IN FULL SWING

(Continued from Page 1.)

loist.

Announcements were made by Mr. Forsythe, Mr. Parker and Mr. Miles. Mr. Parker emphasized the personal work feature and Mr. Miles praised the local newspapers for their support of the campaign.

"You have two corking good newspapers here," said Miles. "Your city seems larger than it is because the newspapers are better than the papers in most cities three to four times the size of Maryville.

"You folks should tell the editors of your appreciation and it would be a good move to send copies of the papers during the meetings to your friends."

Pleads for Co-operation.

After the announcements the Rev. Mr. Waldraven pleaded for co-operation of the church members.

"We will give the devil and those supporting him a run in Maryville," declared Waldraven. "It's a shame that the devil is allowed to spit in the faces of good people. Let's banish him from this city so far that he never will get back. We must unite to win and in good old Maryville we will save hundreds of souls who are now lost."

In the evening, prayers were offered by the Rev. Mr. Holliday and the Rev. Mr. Miller. The choir sang "The Armageddon," which was heartily approved by the audience.

Soup Pans for Coins.

Considerable meriment was caused when the ushers took the collection. Soup pans made of enamel were used. When a coin would strike the pan the noise resounded all over the tent. Dr. Scoville declared that enamel soup pans will be used as collection plates in all his meetings in the future.

A delegation flooded the county today with literature on the meetings and two carloads went to Burlington Junction yesterday, where they left bills and cards and arranged for a Burlington Junction delegation to attend the meetings Friday night.

Rev. Mr. Miller, chairman of the devotional committee, called special attention today to the prayer meetings that start tomorrow in all parts of the city.

Reception Saturday.

Dr. and Mrs. Scoville were given a hearty ovation when they arrived Saturday afternoon. At the head of a parade they were taken to the fair grounds, where Mayor Robey introduced them.

The doctor told a good race horse story, showed his familiarity with the racing game and brought rounds of laughter from the crowd with his jokes. He declared that religion is lasting because it goes into eternity, while other things are temporary because they end here, in the course of his remarks.

Mr. Forsythe sang "The Rosary" from the judges' stand to the accompaniment of the band.

COUNTRY WATCHES MAINE STATE ELECTIONS TODAY

Special to The Democrat-Forum.

Augusta, Me., Sept. 11.—The anxious eyes of politicians all over the country are on Maine for the early fall state elections of this pivotal commonwealth, which take place today, are always watched as straws to show which way the political winds are veering. Both sides have conducted tremendous campaigns, in which national issues figured largely.

Maine election figures in recent years have been:

1912—Wilson 51,113, Roosevelt 48,493, Taft 26,545; Wilson's plurality 2,620. Combined Taft and Roosevelt majority over Wilson 23,925.

1914 (State Election)—Curtiss (Republican) elected governor by plurality over Haines (Democrat) by 3,177. Gardner (Progressive) received 18,225 votes.

1910—Democratic governor elected by plurality of 8,753.

Three out of the four congressional districts are now represented by Republicans. In the Fourth district the G. O. P. is making a desperate effort to out Representative Daniel J. McGillicuddy and sweep the field. The Republican candidate is Wallace H. White, Jr., who as candidate for mayor of Lewiston last spring received the largest vote ever cast for a Republican in that city.

Governor Oakley C. Curtis, Democrat, is a candidate for re-election against Carl E. Milliken, a Roosevelt Republican and president of the senate last term.

The Republicans are for strict enforcement of the anti-liquor statute, while the Democrats take a more liberal view.

The Democratic candidates for United States senator are Charles F. Johnson of Waterville, who is running for a second term, and Prof. Kenneth C. M. Sills, dean of Bowdoin college. Against them the Republicans have placed Col. Frederick Hale, a son of ex-Senator Eugene Hale; and ex-Governor Bert M. Fernald.

WHEN it comes to toilet use, the thing that concerns you most is not the shape of the soap, nor its size, nor its color, nor its perfume, nor its price, but its *lather*.

It is the Ivory lather that makes Ivory Soap so satisfactory for bath and toilet.

It is thick, copious, lively; this is because it is one minute bubble after another instead of a thin, slimy soap solution.

It does not irritate the skin; this is because Ivory Soap contains no free alkali to smart and burn.

It rinses easily; this is because Ivory Soap contains no unsaponified oil to make it stick to the skin.

It cleanses thoroughly; this is because Ivory Soap is so pure.

You owe it to yourself to see how Ivory Soap lathers, how Ivory lather feels and how Ivory lather acts.

MAINE, KEY TO RIDDLE

First State to Cast Vote May Solve Problem of Coming Presidential Election.

Special to The Democrat-Forum.

Auguste, Me., Sept. 11.—With both sides claiming Maine, the vote cast today is one in which the entire nation is interested, because it will furnish a key to the riddle as to which side shall carry the presidential election two months away.

It is estimated the total vote will be 141,000. The Democrats claim the state by 3,000 and the Republicans say they have the victory by 15,000. A governor for two years, four congressmen and the state officers are also being voted for.

Will Hutchens of Bolckow is a visitor in the city today.

SUGAR DROPS 80 CENTS

Fall in Price Greatest in Memory of Merchants—Fine Prospect for Fall Canning.

A drop in the price in sugar the greatest in the memory of this generation is the surprise for housewives and other sugar buyers today. Merchants in Maryville are advertising 100 pounds of sugar formerly sold at $7.55 for $6.75, a drop of 80 cents.

The greatest drop in the memory of Maryville merchants up to this time is 45 cents. The cause of the lowering in price is the unloading on the market of great supplies of sugar that were previously held by the sugar interests for a higher price. This increase of the supply over the demand naturally brought down the wholesale and retail prices.

The fall in the price of sugar comes at an opportune time when the canning of fall fruits makes the buying of large quantities of sugar a necessity for the housewife.

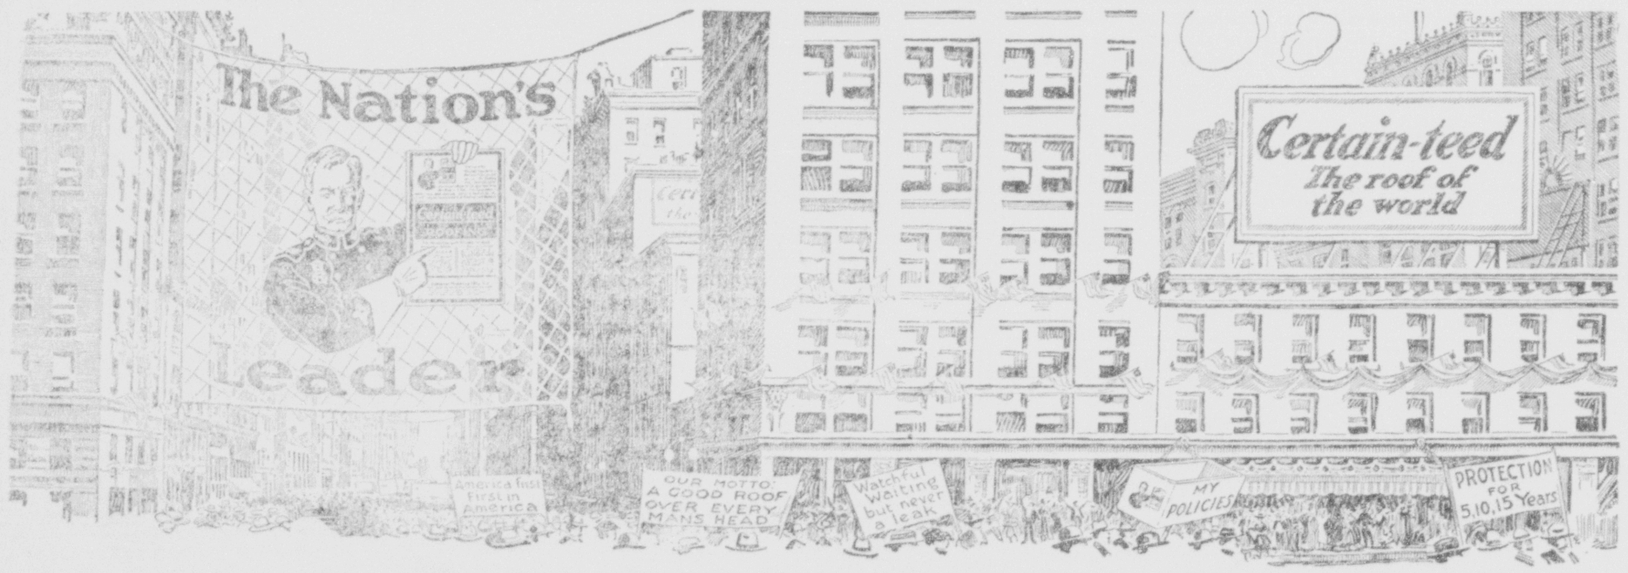
Curfman Lumber Company



Keeping up with the procession is not enough for the General—he must lead. And lead he does—in volume, quality and price. The General's leadership is due to the enormous resources at his command—the five *m's* of modern manufacturing—men, money, mills, machinery and materials.

Men who have learned the roofing business through years of practical experience are in charge of every department of the business. Men who have made a life study of the blending of asphalts comprise the General's Board of Expert Chemists.

Money—the means to promote efficiency, increase out-put, reduce cost, prevent waste—is at the General's call in abundance.

Mills—the largest roofing mills in the world are the General's. They are advantageously located at points where cost of fuel, access to raw materials and quick distribution of of finished products are most favorable.

Machinery—the most modern known to the roofing business, equips each of the General's enormous mills. Not a dollar is left unspent which would speed up production, increase quality or lower costs.

Materials—the food of the mills—is bought by the General in enormous quantities, and stored. This means the pick of the market and favorable buying, and no loss from idle machinery, due to shortage of materials.

Thus the success of CERTAIN-TEED *Roofing* is no secret, but is due to a combination of resources and experience without parallel in the roofing business.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out so destructive to the ordinary roof.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roof, from sky-scraper to small residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.
